What strengths did this instructor demonstrate that helped you to learn in this course?

Celina is very funny and personable when teaching. She makes everyone more comfortable about the subject matter while also letting us know the difficulty. One of my favorite profs this year. She gave a presentation in engineering intro week and I was very happy to see she was my teacher for this class. Keep up the good work!

Please provide specific suggestions as to how the instructor could have helped you learn more effectively.

What are the main strengths of this course?

Evenly distributed learning of syntax and theory. It helps a lot to understand how specific things work from the inside out. (ie, arrays are like addresses.)

Please provide specific suggestions as to how this course could be improved.

Make sure everyone knows how important commenting your work is. Some of my friends lost marks because it wasn't very clear from the start.
